## SAFARI LTD®

174 Play is Essential

**Tried and True...** In 1982, **Bernard** and **Rosemarie Rubel** founded the family business after discovering an endangered species card game while visiting the Munich Zoo in Germany. Fueled by their passion to educate through the joy of play, they transformed that rummy game into a collection of museum-quality figures enjoyed by children, adults, educators and collectors alike. Their daughter Ramona carried on their vision thru 2014 when Alexandre then took over.

**Safari Ltd®**, now in its 3rd generation, is the only American family owned and operated figurine manufacturer and distributor.

As parents ourselves, tried and true has come full circle with our children playing with our toys in our home. We encourage you to play your way™ with our figurines and learn the joy of open ended play. We offer a wide range of toys that allow you to Discover the Frontiers of your Imagination® with our Toys that Teach®.

“ **Play** is an instinct that is not only reserved for humans. Almost every mammal has play time at some point in their lives. It is a natural behavior that does much more for the individual than just to serve as a fun pastime. For some species, play is a way to hone their hunting and stalking skills, for others it is a way to learn how to fly. But for all, it is a socialization exercise, and that is perhaps the most important skill to learn in the animal kingdom. ”
